Shared Community Problem #3
 Working with Probability

Sitka is known for its rain. Use historical weather data from 2013 to find the rate of days with precipitation for each month. Based on that information what month are you most likely going to need to carry an umbrella?

Extended Problem – break apart types of precipitation or compare multiple years.

Based on the data from 2013, I will most likely need to carry umbrella with me in February.

- Jan. 28/31= 90%
- Feb. 28/28= 100%
- March 21/30 = 70%
- April 18/30 = 60%
- May 22/31=71%
- June 17/30 = 57%
- July 19/31 = 61%
- August 19/31 = 61%
- September 24/30 = 80%
- October 27/31= 87%
- November 24/30 = 80%
- December 23/31= 74%
